

JESSICALUNN

Blending an illustration background with a recent on-going training in UX/UI design, I present a unique blend of artistic and technical expertise in creating user-centric, aesthetically pleasing digital interfaces.

Alongside completing the UX/UI course I've worked on visually improving an individual's portfolio website, a online PPE web store and branding of a tennis club. These projects are visible on my website linked below.

Skills:

Illustration
Design
Visual Communication
Branding
HTML & CSS
Silversmithing
Textile Arts

Software:

Adobe Photoshop, Indesign
Procreate, Sketch
Canva, Figma
Microsoft Office Suite
VS Code
Github

Education

Meta Platforms Inc - Principles of UX/UI Design

September 2023 - October 2023 Grade: 91%

- Trained under Lead Meta UI/UX Developers, mastering user-centric problem solving and iterative design with Figma, focusing on essential design principles and MVP prototyping.
- Refined interface evaluation and interaction design techniques, enhancing UX/UI deliverables for user testing.
- Delivered a comprehensive redesign of a restaurant app to meet customer specifications, including user personas, journey mapping, wireframes, and a fully interactive Figma prototype, demonstrating adherence to professional UX standards.

Arts University Bournemouth - BA (Hons) Illustration

September 2016 - July 2019

- Developed a great eye for visual design, understanding of colour, typography, and layout through lots of experimentation and research.
- Gained valuable experience in collaboration and critiquing creative projects.

Work Experience

Simply Hi Vis Clothing - Volunteer Work

October 2023 - December 2023

- Developed a Figma prototype for a local business, combining insightful design solutions with adherence to client requirements.

Silversmith - Self Employed

September 2020 - present

- Curated an active Instagram portfolio showcasing handcrafted silver items, attracting clientele and generating sales.
- Meticulously designed and crafted unique silver pieces, receiving positive feedback for creativity and craftsmanship.

Art, Design and Technology Technician

Bournemouth School

September 2019 to February 2021

- Effectively managed time and resources with strong organisational skills, supported students with special needs in art classes empathetically, prepared lesson materials using Microsoft Office, and responsibly oversaw pupils on school trips.
