

JESSICA LUNN

About Me

I am a cheerful and well organised person who thrives working in social, fast paced environments. I'm an enthusiastic team member but also work well on my own. I'm an open minded, creative thinker. I enjoy problem solving and am always eager to learn new skills. I have a keen eye for detail and always strive to complete tasks to a high standard. Since graduating in 2019, I've been exploring a range of creative practices including silversmithing, digital drawing, and textile arts. I discovered a passion for silversmithing during lockdown, which I pursued after quitting my job at the school. I have just started selling my work.

Hobbies/ Interests
